

E-Vision Family (1-Chip DLP)

Powerful yet cost effective, the E-Vision platform is our most versatile. From small corporate boardrooms to breath-taking projection mapping, the E-Vision series provides the professional user with one of the widest ranges of possibilities in today's market.

	Brightness (ISO)	Resolution	Contrast (dynamic)	3D	Lens range	Weight	Dimensions L/W/H (mm)
E-Vision Laser 5100	5,100 lumens	WUXGA	20,000:1	Yes	0.5:1 (fixed)	10.5 Kg	437 / 360 / 177
E-Vision Laser 5900	6,000 lumens	WUXGA	20,000:1	Yes	1.15-1.90 :1 (fixed)	10.5 Kg	446 / 360 / 166
E-Vision Laser 6500 II	6,500 lumens	WUXGA	20,000:1	Yes	0.77:1 up to 5.0:1	25 kg	525 / 470 / 221
E-Vision Laser 8500	8,500 lumens	WUXGA	10,000:1	Yes	0.38:1 up to 8.26:1	28 kg	598 / 500 / 219
E-Vision 9100	8,600 lumens	WUXGA	20,000:1	Yes	0.38:1 up to 8.26:1	27.5 kg	598 / 500 / 219
E-Vision Laser 9000	9,000 lumens	WUXGA	20,000:1	Yes	0.77:1 up to 5.0:1	25 kg	525 / 470 / 221
E-Vision Laser 10K	11,250 lumens	WUXGA	10,000:1	Yes	0.38:1 up to 8.26:1	28 kg	598 / 500 / 219
E-Vision Laser 13000	13,500 lumens	WUXGA	10,000:1	Yes	0.38:1 up to 8.26:1	31 kg	598 / 500 / 219
E-Vision Laser 15000	15,000 lumens	WUXGA	10,000:1	Yes	0.38:1 up to 8.26:1	29.5 kg	598 / 500 / 219
E-Vision 4000 4K-UHD	3,800 lumens	4K-UHD	500,000:1	Yes	1.13-1.7:1 (fixed)	12 kg	405 / 480 / 180
E-Vision Laser 4K-UHD	7,500 lumens	4K-UHD	10,000:1	Yes	0.38:1 up to 8.27:1	28.1 kg	598 / 500 / 219
E-Vision Laser 11000 4K-UHD	10,500 lumens	4K-UHD	6,000:1	Yes	0.38:1 up to 8.27:1	31 kg	598 / 500 / 219

M-Vision Family (1-Chip DLP)

The brightest single chip projectors on the market, the M-Vision platform offers up to 23,000 lumens with the added benefit of ColorBoost+Red Laser for incredible colour saturation.

	Brightness (ISO)	Resolution	Contrast (dynamic)	3D	Lens range	Weight	Dimensions L/W/H (mm)
M-Vision Laser 18K	18,000 lumens	WUXGA	10,000:1	Yes	0.9:1 up to 7.00:1	49 kg	695 / 530 / 248
M-Vision Laser 21000	21,000 lumens	WUXGA	10,000:1	Yes	0.9:1 up to 7.00:1	52 kg	748 / 530 / 248
M-Vision 23000	23,000 lumens	WUXGA	10,000:1	Yes	0.9:1 up to 7.00:1	54 kg	748 / 530 / 248

TITAN Family (3-Chip DLP)

These are Class Leading, 3-Chip DLP projectors, designed for the most demanding applications. Whether it is live events, planetariums, mission critical control rooms or anything in-between, our 3-Chip DLP range has it covered.

	Brightness (ISO)	Resolution	Contrast (dynamic)	3D	Lens range	Weight	Dimensions L/W/H (mm)
TITAN Laser 29000 WUXGA	29,000 lumens	WUXGA	18,000:1	Yes	0.37:1 up to 10.36:1	95 kg	969 / 650 / 397
TITAN Laser 37000 WUXGA	37,000 lumens	WUXGA	18,000:1	Yes	0.37:1 up to 10.36:1	95 kg	969 / 650 / 397
TITAN Laser 26000 4K-UHD	25,000 lumens	4K-UHD	18,000:1	Yes	0.37:1 up to 10.36:1	95 kg	969 / 650 / 397
TITAN Laser 33000 4K-UHD	31,000 lumens	4K-UHD	18,000:1	Yes	0.37:1 up to 10.36:1	95 kg	969 / 650 / 397

The above overview is a summary of our range. Please visit our website for a full spec sheet of each model. Specifications subject to change without notice.

The Visionaries' choice is more than just a strap-line – it is something that is in our DNA, that is in our heritage and that we live and breathe every day. It is central to why our customers chose Digital Projection.

At Digital Projection, we're committed to going the extra mile for imaging pioneers prepared to push the boundaries of visual experience. We relish helping you — the creative directors, system integrators and dreamers behind the world's most exciting visual experiences — challenge the status quo.
